Bulk Items

Ooltewah Nursery & Landscape Co.

PLEASE NOTE:
Our scoop size is very LARGE (approximately 1 cu. yd.). Many other bulk sellers have a much smaller size scoop. It varies.
Always ask the scoop size.

Bulk items are sold by the scoop.
Delivery is a separate distance-based charge.
All prices subject to change.

1 SCOOP = 1 Cubic Yard approximately

1 CUBIC YARD COVERAGE:
2" Deep = 150 Sq. Ft. approximately
3" Deep = 108 Sq. Ft. approximately

BULK ITEMS POLICY AND PROCEDURES

The absolute minimum scoop size that we can sell is 1/4 scoop. (*We do offer bags of some items, such as pea gravel, river rock, etc., which are often easier for individuals needing a smaller, easier to handle, size.*)

Bulk items must be purchased at the cashier station before they can be loaded. Please show your receipt to the equipment operator. As a service to our customers, our equipment operators are happy to mechanically offload your purchase into a truck bed or trailer only. Alternately, the operator can dump it into a pile on the ground for you to load yourself; however, during high traffic times, we reserve the right to not allow this.

We are unable to hand load bulk items for you. If you wish to carry or place your bulk items purchase into your own container, we recommend leaving the container(s) in your vehicle while you load. (*Complimentary plastic is available at the cashier station if you would like to place it under your container(s) before you load for later ease of clean up.*)

Furthermore, please know that the scoop you receive is random. This means one may not pick and choose any individual rocks, or other bulk items.

Finally, in the interest of safety, at no time, may a customer or guest, enter into nor climb onto any bulk bin. Under no circumstances will we allow equipment, such as forks, to be inserted into the interior of a customer's vehicle.
